Dr. Earl H. Parrish, M.D. Dr. Elliott Gagnon, M.D.

Happy Birthday, Dr. Parrish!

We celebrate and honor you this October!

Congratulations, Jackie!

Jackie, our front office supervisor, was married this summer. We wish her lots of love and happiness!

Welcome, Renee!

Renee joined our Center this summer. She is a Registered Nurse and has been for 25 years. She was previously a RN Manager for many years before joining us. Renee will be working in all areas of the Center - Operating room, Pre and Post Op, and Pre Op education. She brings a tremendous amount of experience to the Center and we are happy to have her!

Happy '1' Year to Dr. Gagnon

Dr. Gagnon joined our Center in August of 2007. Below is a personal message.

"I have thoroughly enjoyed getting to know the patients I have met over the past year. It has been exciting to see the positive changes they have experienced as a result of their treatment, be it from Botox or Restylane, to the latest Laser photo-rejuvenation therapy, to the surgical procedures described on our website. Over the past year, there have been significant advances in the field of aesthetic surgery. As a result, we have implemented new techniques into our practice and have been very impressed with the results that can be delivered.

As someone who plans on practicing in the Rogue Valley for the next 30 years, my aspiration is to have patients "for life." I realize that there are many plastic surgeons to choose from, and it can be difficult to discern which one is best for you. My approach is to have an open and honest discussion with you regarding your wishes, and to talk about the results you can expect. Our office is committed to excellence, and we strive to provide the best possible service before, during, and after your procedure. Come in for a free consultation! We'll talk." -Dr. Elliott Gagnon
