

Summer 2009

# Real Changes

## Real People - Real Patients - Real Results

"When I met Dr. Parrish I took stock in his bedside manner, how he listened to my desires, concerns and how he conversed with his staff. To be honest I have never been more comfortable on first impression as I was with him. I had my tummy tuck almost two years ago. I can't explain in words what my surgery has restored in me as a woman. It is emotional as well as physical. I couldn't think of or recommend a better physician than Dr. Earl Parrish and his staff. Thank you all for what you've done for me." -H.S., Medford, Oregon

### What's New

#### NEW VIDEOS

Get to know Dr. Parrish and staff a little better. View our new videos at: [www.youtube.com/drearlparish](http://www.youtube.com/drearlparish) We are very proud of this project - let us know what you think.
